### News Roundup

The Monterey Peninsula College Parent Participation Nursery School, in observation of "The Week of the Young Child," is inviting the public to an open house at the MPC campus nursery school on Saturday, March 30, from 10 a.m. to 12 noon.

"The Week of the Young Child," March 30 - April 5, will be observed throughout the nation in order to emphasize the importance of the pre-school years in the development of happy and successful adults.

According to Mrs. Charles Hawkins, director of the nursery school, "the program is a learning experience for parents as well as the children." Through assisting in the daily routine of the schools and taking a weekly evening course in child guidance, parents are given the opportunity to hear specialists in the field of child guidance, to share ideas with other mothers, and to find worthwhile opportunities to acquire and develop skills.

"The Week of the Young Child" will be observed elsewhere on the peninsula with a variety of exhibits. Photographs of nursery school life, and children's artwork will be displayed at Macy's, Monterey Savings and Loan, and the Monterey Public Library during the week.

For more information about the MPC nursery school, contact Mrs. Hawkins at 375-9821, ext. 314.

### Teachers Ask For Raises

The Monterey Bay Teachers Association asked for a 17.13% cost of living salary increase in presenting their initial wage proposal before the Monterey Peninsula Unified School District Board of Trustees Monday, March 18.

Salary Chairman Jor Norton indicated that if the consumer price index continues to rise at a rate of 10% the increase from Sept. 1971 to Sept. 74 would be 22.6%. Since Sept. 1971 MPUSD teacher salaries have risen 9.9%. Jose Minjares of the teachers salary committee pointed out that the salaries being

negotiated are for the entire 74-75 school year and the price index will continue to rise beyond Sept. 74. Therefore, MBTA recommended a 17.13% increase to bring teacher salaries into line with the rapid rise in the cost of living. This increase would raise the beginning salary to \$9,470.

Another committee member, Curt Parker, informed the school board that data from a local real estate consultant indicates a teacher earning the maximum salary from MPUSD does not make enough to qualify for a loan to purchase an average priced home in Monterey.

### Seminar On Crime Is Scheduled

Crime from the standpoint of the victim will be explored at a seminar in Santa Cruz April 5 sponsored by the California Youth Authority and the California Probation, Parole and Correctional Association.

At a series of seminars, some 300 probation officers, CYA staff and other correctional workers will hear about the effect of crime on victims and what can be done to help them. Participants will include actual victims of crimes and a psychiatrist who has worked with victims.

The program will begin at 9 a.m. and will be centered at the Holiday Inn, 611 Ocean Street.

The luncheon speaker will be Christopher C. Cottle, chief assistant district attorney of Santa Cruz County, who will discuss "People's Responsibility to the Victim." The general session will open with a presentation by Superior Court Judge Kenneth Andreen of Fresno County, and James Rowland, Fresno County's chief probation officer, on their county's model county victim advocacy program.

Seminars on the problems of victims are scheduled from 10 to 11:45 a.m. and from 2:15 to 4 p.m. Participants, in addition to psychiatrists and victims, will include representatives of Rape-Line, a Santa Cruz group which aids victims of rape, and Earl W. Hunting, president of Citizens for Law and Order.

### Council Elects Vice-Mayor

Glenn Olea

The City Council of Seaside unanimously elected Councilman Glenn Olea as Vice-Mayor at their regular council meeting held Thurs., March 21 at City Hall.

Glenn Olea was recently reelected to the chamber to serve a two year term and polled more votes than any other council candidate.

He was nominated by

former Vice-Mayor Stephen E. Ross, who later stated that the City of Seaside had been greatly enhanced in getting such an outstanding citizen for its second in command.

"The problems confronting Seaside not only will need a strong Mayor, which we have, but a dynamic Vice-Mayor and city council who must work in unison to accomplish many tasks," he said.

Glenn Olea, in a statement made after his election, said, "I thank my colleagues for electing me Vice-Mayor of Seaside. I know this is a good challenge for me. I will do my best to perform my duties to the limits of my capabilities for the promotion of the general welfare of the community. I will assist the Mayor to get things done and to promote the quality of life which is shared by the council."

### Have You Seen This Man?

THIS MAN, Robert Rosalis Panganiban, has been missing since Tues., March 12. He is an Oriental-Filipino, 20 years old, 5' 5", 125 lbs., of slender build. His hair is black, long and braided into a pony tail. He has a far-distant gazing expression and is very docile when last seen.

He was last seen on Mescal & Broadway in Seaside, wearing brown corduroy pants and a levi jacket. He was on his way to his brother's house, also in Seaside. Any person having seen this young man or having any information on his whereabouts is urged to call the Seaside Police Dept., 394-8531 or his family, 394-1873.

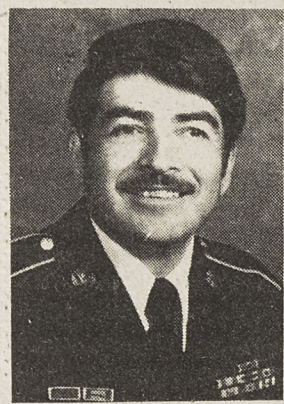

### Study Is Urged

Seaside City Councilman Stephen E. Ross recently urged Mayor Dolan and the members of the city council to investigate the public transportation system within the city. Councilman Ross said, "I am becoming increasingly concerned about public transportation within the city of Seaside. We need a better transportation delivery system within the city of Seaside."

Councilman Ross asked the Mayor, with approval of the Council, to appoint a committee to investigate city transportation. The proposed committee would have representatives from the Council, JPA, Seaside Chamber of Commerce and general citizen participation including youth and senior citizens.

Ross proposed that the committee should be given authority to look into all aspects of setting up a city-run service, getting a nonprofit organization to operate transportation service, or expanding the route service of JPA.

# Today's Army NEWS By SFC Jose Garcia ARMY RECRUITER

This week I would like to welcome Susan Irving and Larry O'Cain to the ranks of TODAY'S ARMY. Susan from Monterey enlisted for training in the Personnel Management field and after training will be assigned to Ft. Ord for duty. Larry from Ft. Ord will also be assigned to Ft. Ord in the Administrative Field. Each was guaranteed the training and duty station after all enlistment qualifications were met. We wish each of them the best of luck in their new career.

The subject for TODAY'S ARMY NEWS is the Field Artillery. Did you know that there is a lot of interesting work available in TODAY'S ARMY for young men. Especially those that are bored with ordinary, everyday jobs that provide them with little or no opportunity for travel or advancement.

Some of the jobs now available are:

**Sergeant Missile Crewman** - These men operate firing set to conduct missile countdown procedures or self-test procedures. They participate in planning, handling, testing, storing and maintaining missiles, warheads and other related equipment.

**Pershing Missile Crewman** - Many of these men drive wheeled and tracked vehicles and act as radio-telephone operators. Some install and monitor special equipment used in operations under unusual conditions.

**Field Artillery Missiles Operations and Intelligence Assistant.** These men assist command and staff officers in continuous appraisal of field artillery missile intelligence, operations and training situations. They plot targets, convert fire orders and assist in liaison activities with officers. And there are others.

Any young man who enlists is guaranteed job-skill instruction of his own choosing and a choice of any post in the United States, Europe or the Far East in which he'd like to work.

In addition, he will receive a starting salary of \$326.10 per month, complete medical and dental care, free room and board and 30 paid vacation days annually.

It isn't work for just anybody. That's why TODAY'S ARMY isn't looking for just anybody. If you feel you can handle it, drop by and see us at 431 Webster St. in Monterey or call us at 372-4742.

Till next week.

## MPUSD Expands Computer Operation

Trustees of the Monterey Peninsula Unified School District have decided to expand computer operations, agreeing to buy a new computer now and one of two "mini" computers later.

At their March 18 meeting, trustees approved a contract to buy a Burroughs B-1726 computer for about \$208,000, turning down several other alternatives including the possibility of spending over twice that amount. The new computer will allow the district to improve its budget accounting, attendance, student scheduling and other administrative procedures, according to Supt. James Harrison. He noted that the new equipment will also allow the district to correct mandated tests which now must be sent out at high cost and some delay.

He said the new equipment will cost the district less than \$10,000 a year above what is now being spent for computer services. This is because the present computer will be sold and the district will use money now spent on outside computer services to buy its own equipment.

One of two smaller "mini" computers will be bought to augment the Burroughs equipment, he said. This will allow for extensive use of computers in classrooms, by both students and teachers. The uncertainty of whether one or two "mini" models will be needed stems from the fact that the district is awaiting development of a system using similar equipment at Monterey Peninsula College. The "mini" computer would be used to sort, correct and feed information or inquiries into the larger Burroughs model and would be the link between administrative and classroom terminals and the main computer.

to that of the Navy Post-graduate School, whose dependents it serves almost exclusively. La Mesa will now start school on Aug. 20 and have week-long holidays in September and March to make up for the early start.

Harrison said he will deliver his recommendation on April 1 and indicated the committee will look at the possibility of closing small schools and realigning grade structures of other schools. His remarks came in response to a petition from Marina residents to add a ninth grade at Los Arboles Junior High School.

\* Heard that student problems in the Monterey High residential area are improved but neighbors around Fremont Junior High are now complaining about student antics there. Principal Roger Kelly is forming a joint student, teacher, parent committee to seek solutions.

## Camacho Endorses Voter Registration Proposal

Julian Camacho, 16th District Democratic Congressional candidate, today endorsed a registration-by-post-card program (HR 8053) which would greatly increase the number of citizens registered to vote.

"Many people who previously have been unable to register because it was too inconvenient or difficult would be brought into the political process by this new effort," Camacho said.

The proposed Voter Registration Act was re-

cently attacked by Congressman Talcott as "dangerous to our system of representative democracy."

"The truth is," said Camacho, "that participation in the electoral process is the cornerstone of democracy. This bill is only dangerous to politicians who do not truly represent the people."

The Capitola industrial engineer also noted that "there are adequate safeguards in the bill to prevent abuses. Each state legislature would still have

to approve the mail registration plan before it could take effect in that state. Texas already uses a similar registration method for state and local elections."

"Talcott's obvious fear of adding new voters to the rolls runs counter to his often-expressed belief in the obligations of a citizen," said Camacho. "It seems more likely that Talcott is just afraid that voters previously disenfranchised through circumstance and those disenchanted with the corrupt Nixon Administration will take advantage of this opportunity to throw ALL the rascals out."

## Talcott Lists Sponsors

Congressman Burt Talcott filed his list of sponsors for his nomination papers on Friday, March 8, with the County Clerk at the court house in Salinas.

## Tips For Renters

If you are planning to move into a rented apartment or dwelling, the Department of Consumer Affairs urges you to take a few precautions before signing a rental agreement. By investigating first, you may be able to prevent later misunderstandings.

Before you sign an agreement, find out what repairs you will be responsible for, and those to be paid by the landlord.

Read the agreement carefully, and be sure the responsibilities are stated clearly. Determine what will happen if you move before the agreement terminates and how much notice you must give before leaving.

Make sure you obtain a copy of the agreement, as well as any other regulations the landlord expects you to follow.

It might be wise to find out the owner's name, address and phone number.

Before you move into an apartment go through it thoroughly and make a list of any and all damage. Prepare the list in duplicate, date it and have the landlord sign both copies. Keep one copy for your records.

While living in an apartment remember you are usually responsible for damage beyond normal wear-and-tear. Needed repairs should be made as soon as possible.

When you move, ask the landlord to go through the apartment in your presence to determine the damage, etc. he is going to charge against your refundable deposit.

Under California law, regardless of whether the deposit was called a cleaning, damage, or rental deposit, a landlord may use it to pay back rent, clean the premises, or repair damages, but he must give

back to you, within two weeks after you move out, any part of the deposit not used for these purposes. Non-refundable deposits or fees are not covered by this law as the landlord imposes these flat charges whether or not you meet your rental obligations.

## C of C Progress Report

by Verlaine Crawford

An interesting and informative program on the future of Fort Ord was presented at the quarterly general membership meeting of the Chamber of Commerce held at the American Legion in Seaside on Wednesday, March 20.

Commanding General of Fort Ord, Maj. General Robert G. Gard, Jr. was accompanied by Chief of Staff Col. H. H. Braunstein and Maj. J. D. Coleman, Information Officer, who presented a multi-media briefing on the status of Fort Ord, Hunter Liggett

and the Defense Language Institute.

The news was encouraging to the audience of businessmen and women who are planning for future developments in our area. The best news is that Fort Ord will eventually be the home of more permanent military personnel, rather than the short term military basic trainee.

Bob McCauley, 1st Vice President of the Chamber, who is with Cardinal Moving & Storage, did an excellent job of organizing the meeting with Fort Ord. President Bill Brown introduced Jacob Williams, President of the Non-Commissioned Officers Association, who presented a check for associate membership in the Chamber. Mayor Joe Dolan enlightened the audience about the problems with conservationist forces in regards to pressures on Fort Ord. Many questions were answered by the military representatives.

A new youth boxing program, sponsored by the City of Seaside, is being organized. Anyone interested in serving on a committee to oversee the program

should contact Detective Barnes at the Seaside Police Department.

The Homeowner's Association, headed by Bernard Miller, is doing an excellent job in organizing block committees. Much of the upgrading of our community can be tied to the efforts of the homeowners in Seaside.

The government of Tanzania has announced the permanent banning of big-game hunting for trophies and skins, and has decreed that professional hunters will never again be permitted to operate within its borders.

Children between the ages of three and one-half and five who are not in school may register for the new session of the regular Pre-School Story Hours at the Salinas Public Library.

The weekly programs will offer simple folk tales and stories from modern picture books, finger plays, flannelboards, singing, and games are included to promote early experiences in group participation.

Because the younger child needs considerable attention, the story hour groups will be limited to twenty-five.

Parents may enroll their children now at either the John Steinbeck Library or

the East Branch or the El Gabilan Branch in person or by telephone.

Pre-school and nursery school teachers, as well as other leaders of children's

groups are invited to contact Mrs. Eileen Yoshimoto, Children's Librarian, to arrange special story hour sessions for their students.

## Letter To The Editor

EDITOR:

The neighboring cities of Seaside, namely Pacific Grove, Monterey and Carmel all have city owned beaches on Monterey Bay. These beaches are enjoyed year round by residents, young and old alike. However, Seaside, in spite of its name has only a stretch of 500 feet of shoreline within its city limits. This beach begins at the property line of the Monterey Holiday Inn.

Present plans call for a motel and restaurant on this property to be built by Southern California developers. We would think that motels and restaurants could be placed on other locations in Seaside so that the beach access and recreation opportunities for the Seaside residents could be saved and not cut off forever.

Posterity will think it strange in future years if such a project is permitted to be built on the only beach that Seaside city has. The present uses for fun, enjoyment and relaxation would be denied to future residents. Does this seem to be a fair trade off for the hoped for tax revenues of a motel?

Sincerely yours,  
George Selvig

## Seniors Edging Closer

Four high school seniors are edging closer to \$1,000 cash awards that await top winners in Bank of America's 1974 Achievement Awards program.

Soring highest in their respective study fields in zone competition in Monterey, March 19, are: Joy Carpenter, Monterey High School, fine arts; Dwight D. Agan, Monterey High School, liberal arts; Betty Joyce Woolsey, Soquel High School, vocational arts; Tony Heinz, Carmel High School, science and mathematics.

These local students will earn a minimum cash award of \$250 and advance to the regional finals in Monterey. There, they will compete with 24 other finalists from surrounding

counties who scored highest in their zone competitions.

Winners of second place and \$100 in Tuesday's zone competition are: Marta Jarstrom, Seaside High School, fine arts; Robert Jon Bedow, Pacific Grove High School, liberal arts; Karen Gardner, Aptos High School, vocational arts; Scott Ferguson, Monterey Bay Academy, science.

Placing third and receiving \$75 each are: Mario Anthony Lopez, Soquel High School, fine arts; Modesto Tuzon, Watsonville High School, liberal arts; Kenneth Schroeder, Seaside High School, vocational arts; Elizabeth Johnson, Pacific Grove High School, science and mathematics.

Winners of \$50 fourth place awards are: Francis Toldi, Carmel High School, fine arts; Mark Hobart Reed, Robert Louis Stevenson, liberal arts; Edith Brown, Watsonville High School, vocational arts; Christopher Weaver, Soquel High School, science and mathematics. Winners are determined by scholarship, leadership, promise of future success and service to society, and participation in group discussion, before a panel of judges.

## Get Dance Instruction

About 100 dance students from Seaside, Monterey, Carmel and Pacific Grove high schools are expected to take part in demonstrations and master classes being presented at Seaside High School Thursday, March 28, by The Moving Company, from Los Angeles.

The southern California dance troupes will be presenting a free public concert at Carmel's Sunset Center Thursday at 8 p.m., according to Carol Surman, dance instructor at Seaside High.
